# Change password page:

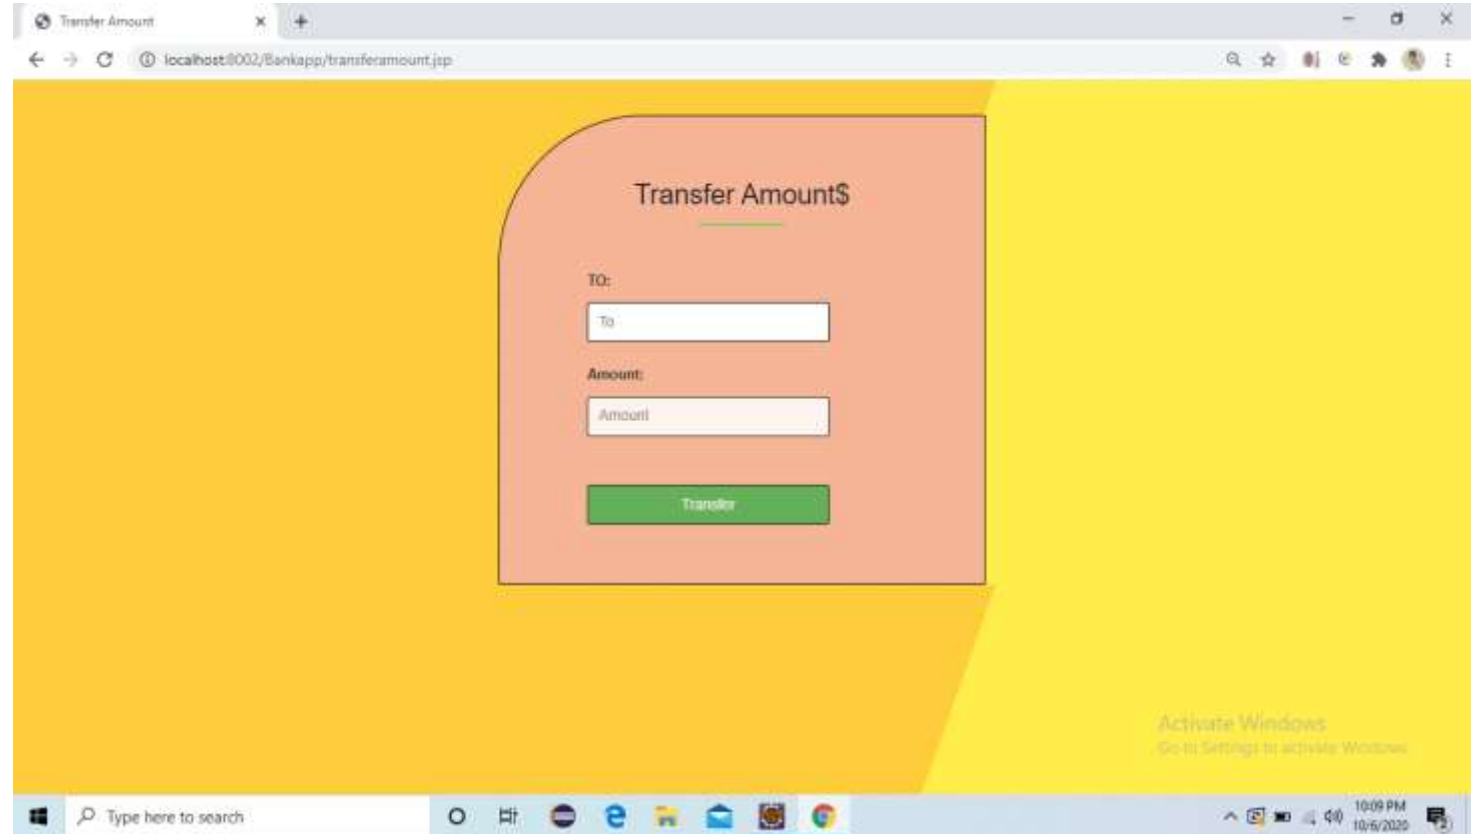

- Here user can change the password.

The screenshot shows a web browser window with the title 'Change Password' and the address bar displaying 'localhost:8002/Bankapp/change\_password.jsp'. The page has a yellow background with a large orange rounded rectangle in the center. Inside this rectangle, the text 'Change the password' is displayed at the top. Below it, there are two input fields: 'New Password:' and 'Confirm Password:'. The 'New Password' field contains the text 'Newpassword' and the 'Confirm Password' field contains the text 'Confirmpassword'. A green 'Submit' button is located at the bottom of the form. In the bottom right corner of the page, there is a watermark that says 'Activate Windows Go to Settings to activate Windows.' The Windows taskbar is visible at the bottom of the screen, showing the search bar, task view button, and several application icons.

# Amount transfer page:

- Here user can transfer the amount to another customer.

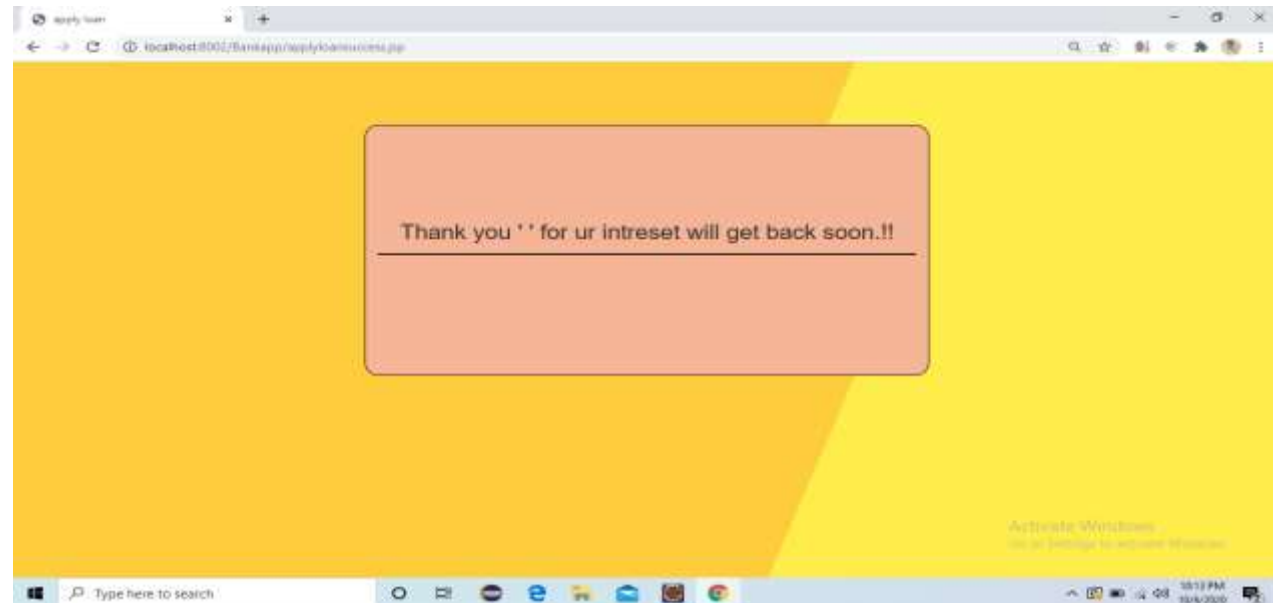

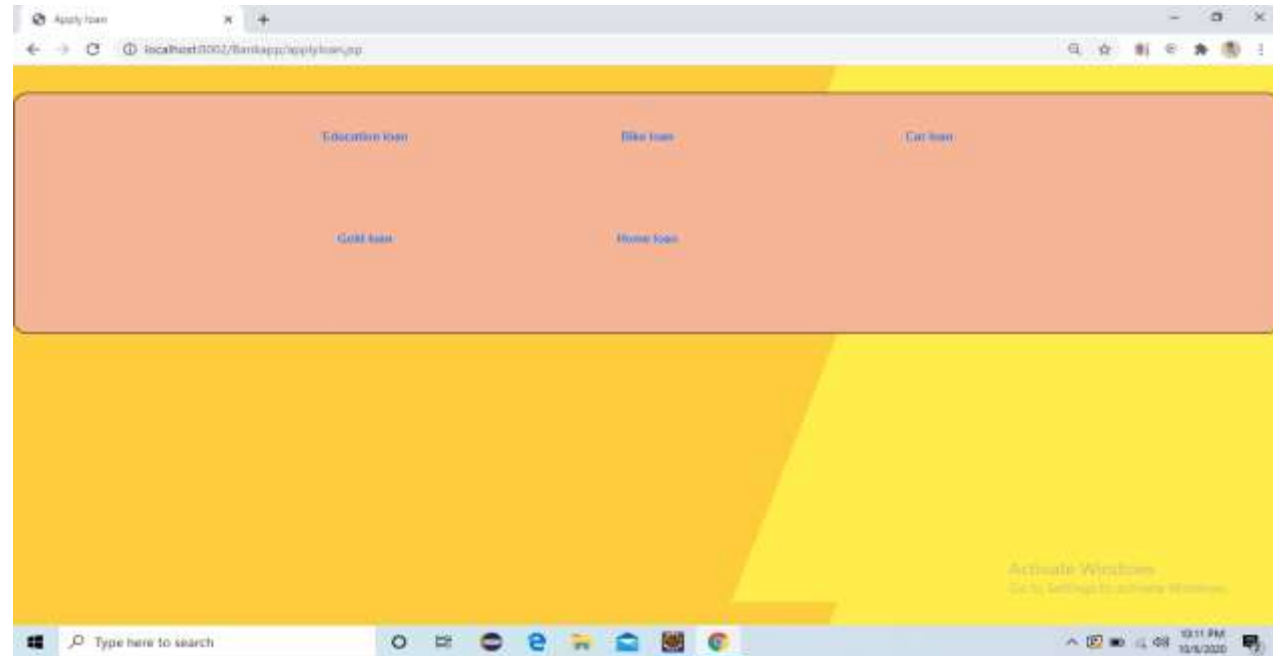

The screenshot shows a web browser window with the title 'Transfer Amount' and the address bar displaying 'localhost:8002/Bankapp/transferamount.jsp'. The page has a yellow background. In the center, there is a light orange rounded rectangle containing the form. The form is titled 'Transfer Amount\$' and includes the following elements:

- A label 'TO:' followed by a text input field with the placeholder text 'To'.
- A label 'Amount:' followed by a text input field with the placeholder text 'Amount'.
- A green button labeled 'Transfer'.

At the bottom right of the page, there is a watermark that says 'Activate Windows Go to Settings to activate Windows'. The Windows taskbar is visible at the bottom of the screen, showing the search bar and several application icons.

# Loan page:

- Here user can view and apply various types of loans.
- After submitting will get message.

# Statement page:

- Here user can view the previous transaction details.
- If something went wrong means will get unable to print message.
